The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
1036 Longworth House Office Building
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for Winston-Salem Fire Department Station Security Improvements in Fiscal Year 2027. The entity to receive funding for this project is the City of Winston-Salem, located at 101 North Main Street, Winston-Salem, NC, 27101. The funding would be used for installation of access control systems and surveillance technology at 18 fire stations owned by the Winston-Salem Fire Department. The project is an appropriate use of taxpayer funds because it would protect fire station equipment and personnel, enabling the rapid deployment of emergency personnel throughout the community.

The project has a federal nexus because the funding provided is for purposes authorized by 42 U.S.C. 5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Addison P. McDowell". The signature is fluid and cursive.
