Re: Fire Station Security Upgrades, Winston-Salem, NC. NC-06.

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for Fire Station Security Upgrades in Fiscal Year 2026. The entity to receive funding for this project is the City of Winston-Salem, located at P.O. Box 2511, Winston-Salem, NC 27102. The funding would be used to install access control systems and surveillance technology at the fire station. The project is an appropriate use of taxpayer funds because it would protect fire station equipment and personnel, enabling the rapid deployment of emergency personnel throughout the community.

The project has a federal nexus because the funding provided is for purposes authorized by 42 U.S.C. 5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Addison P. McDowell".
