The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
1036 Longworth House Office Building
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for Kesler Mill Redevelopment Project Roadway and Infrastructure in Fiscal Year 2027. The entity to receive funding for this project is the City of Salisbury located at 132 North Main Street Salisbury, NC 28144. The funding would be used for construction of approximately 2,000 linear feet of new roads to support the redevelopment of a vacant, blighted former mill site. The project is an appropriate use of taxpayer funds because it will bring vitality back to a once-thriving neighborhood and help to fill a critical gap in affordable workforce housing needed to support the local economy and the job growth the region is experiencing.

The project has a federal nexus because the funding provided is for purposes authorized by USC 5305(a)(2) and USC 5305(a)(4).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Addison P. McDowell".
