Re: Water and Sewer Utility Line Extension, Greensboro, NC. NC-06.

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for a Town of East Spencer Sewer Line Replacement in Fiscal Year 2026. The entity to receive funding for this project is the Town of East Spencer, located at 105 S. Long St East Spencer, NC 28039. The funding would be used for the replacement of deteriorated water mains throughout the Town to reduce the frequency of leaks, improve water pressure and quality, and eliminate water loss. The project is an appropriate use of taxpayer funds because aging sewer lines have contributed to sanitary sewer overflows (SSOs), posing public health risks and environmental compliance concerns. Without immediate intervention, these issues will continue to escalate, increasing costs, and regulatory risks.

The project has a federal nexus because the funding provided is for purposes described in Title VI of the Clean Water Act, 33 U.S.C 1381 et seq. and Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,
