Re: Water and Sewer Utility Line Extension, Greensboro, NC. NC-06.

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for a Greensboro Water and Sewer Utility Line Extension in Fiscal Year 2026. The entity to receive funding for this project is the City of Greensboro located at 300 West Washington St. Greensboro, NC 27402. The funding would be used for extending water and sewer lines at the Piedmont Triad International Airport Megasite. The project is an appropriate use of taxpayer funds because it meets the eligibility criteria of the relevant Clean Water State Revolving Loan Fund (CWSRF) program. The extensions would allow the airport to fully market the nearly 1,000 acres that comprise its northern campus and would provide essential utility services to facilitate increased economic growth.

The project has a federal nexus because the funding provided is for purposes described in Section 1452 of the Safe Drinking Water Act CFR 35.3520(b)(2)(i-vi).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Addison P. McDowell".
